To

Secretary to Government
General & Revenue Depts

Sir,

In inviting your attention to my letter No 89 dated 31st December 1901 I have the honour to submit that the loan of Rs 10,000 was sanctioned by Government in their Proceedings —

No $\frac{10928-30}{L\ 7\ 32-99}$ dated 2nd April 1900

to carry out certain important and urgent sanitary works. The estimates of the drainage project not having been sanctioned till 16th August 1901

in their Proceedings No. 2907-10 / 7 32-99 the several amounts under the various Sub-heads of VIII - Public Works were allowed to lapse at the close of the years 1899-1900 and 1900-01. Immediately after the receipt of the above-said Government order sanctioning the estimates of the drainage works, I submitted report No. 56 dated 12th September 1901, requesting that Government may be graciously pleased to issue orders placing at the disposal of the Superintending Engineer, Sanitary Works, sums provided for the purpose in the budget for the works being executed by the Public Works Agency. But no orders have till now been received in the matter and I

that the season

in this year also has fairly advanced.

I beg therefore, Sir, as the works are very material for the proper sanitation of this important town, you will be so good as to obtain early orders of Government, placing at the disposal of the Superintending Engineer, Sanitary Works, sums provided for the purpose under the several sub-heads of VIII Public Works in this year's budget.

I have the honour to be,

Sir,

English Translation of the Extract from the Proceedings of the Meeting of the Sringeri Municipal Board held on 17th January 1903.

× × × × × × ×

III It has been three years since the Government were graciously pleased to sanction a loan of Rs 10,000 for the purpose of introducing sanitary improvements into this town and ever since the date of such Government order, His Holiness has been paying gratis to the Municipality as Grant-in-aid the moiety of Municipal revenue to which the Sringeri Matt is entitled. The closing balance including the grant-in-aid at the close of December 1902 was Rs 3775-2-10. The plan and estimate for the works prepared by the Public Works Department were long ago

sanctioned by Government and it has also been 1 year and 4 months since it was reported to Government to place the amount of the estimate at the disposal of the Public Works Agency. But no orders have been as yet forthcoming from the Government on the matter and the commencement of the works has been detained for a long time In consequence of it, great trouble and inconvenience is felt by the people during the rainy season.

Proposed by Messrs D. Subbanna and K Hiriyannappa that the said Sanitary works may be taken on hand this year at least, which was carried nem con.

Resolved that a report be submitted to Government for the purpose.

President

Sir,

With reference to the Proceedings of Government a

order thereon No. 11573-6/L. R.32-99 of 10th Instant, I hav

the honor to state in reply that I much regret ~~~ not havin

been able to go to Sringeri but it was impossible owing to my

having to go to Delhi, and now I am detailed for duty at the

Principal Medical Officer's office Bangalore until 19th March.

I have gone over Mr. Standish Lee's scheme, it seems to me to

meet all the requirements of the place . I agree with Mr. Lee

that it is not necessary at present to construct stone drains

to carry away the sewage, itis however very desirable that a

system of daily conservancy for the removal of night soil should

be introduced. This would necessitate sending Thotis from Banga-

lore as they are not easily obtained in the Malnad.
